## Personal Information

Mobile 03000000000  
Email usman.younus@bgnu.edu.pk

## Summary

Computer Science and Artificial Intelligence researcher with teaching and research experience in the field of networking, AI, IoT, Energy Optimization of WSN, Wireless Communication, Blockchain and Software Defined Networking. Seeking a challenging position in academia where I can use my teaching, & research skills, knowledge, experience, and enthusiasm will assist my career development and contribute effectively to the organization's progress in the Computer Science & AI field.

## Education

17 Oct 2016 – **PHD in Computer Science and Telecommunication Engineering**, from University of  
10 July 2020 Toulouse III (UPS), France  
01 Jan 2012 – **Master of Science in Computer Engineering**, from University Of Engineering and  
17 April 2014 Technology (UET) Lahore, Pakistan

## Experience

Over 15 years of teaching, administrative, research, and professional experience; currently serving as Associate Professor and Chairperson of the CS & IT Department.

## Publications

Published 40+ journal and conference articles, collectively achieving a total impact factor of more than 65.

## Journals or Conferences technical committee member

Co-Organizing the 2nd World Engineering, Science and Technology Application Conference (WESTAC) 2025, Universiti Malaysia Perlis (UniMAP),

Served as Invited Speaker and Projects Evaluator at 3rd Global Science, Technology & Management Conference (GSTMS-25), Convener of International Conference on Multidisciplinary Research (ICMR-2022) and many more

Reviewer-IEEE Access, IEEE Communications Magazine, IEEE Consumer Electronics Magazine, IEEE, IET Networks, Telecommunication Systems, Wireless Personal Communications Journal, EURASIP Journal on Wireless Communications and Networking, Springer, Sensors Journal, Electronics Journal, MDPI, International Journal of Distributed Sensor Networks, SAGE
